Subject: Update - Advanced Cargo Information System - Egypt - 1st October 2021

Dear Members,

With reference to our [circular dated 3rd June 2021](#) & [25th August 2021](#) (Copy enclosed) on above cited subject. In continuation of this Embassy of India, Cairo, Egypt this Mission has received few issues faced by Indian exporters that were flagged to us by some EPCs and Chambers of Commerce. On 2nd November 2021 the Embassy met with senior officials of the Misr Technnology Services, the Implementing Agency for the Advanced Cargo Information System, The Mission enumerating some of the notable points that were conveyed by the Egyptian side for information to all:

- The Egyptian side conveyed that as on 01 November,2021, there were over 55,000 exporters who have registered in the single window portal CargoX platform of which 2800 are Indian companies.
- The one-time fee for registering for the CargoX platform is USD 15.
- ACID numbers are issued to the importer upon their registration in the Egyptian system which is then to be communicated to the Indian exporter prior to shipment.
- The validity of an ACID number is 6 months from the date of its issuance.
- Cost of registration of each new shipment is US \$150. And additional cost of US\$ 3 per document uploaded (total fee capped at US\$ 165).
- The cost of registration is uniform for exporters from all countries.

- There are three unique identifiers required prior to export of items to Egypt: a) Unique Exporter ID generated by the CargoX system; b) Unique Id of the importer that will be available with the registered importer and c) a unique ACID number for the shipment.

Members are requested to may kindly take note of the above and If there are any specific issues, please feel free to write to support@cargox.io or info@cargox.io (for CargoX related queries) and nafeza@mts-egy.com (for ACID related, documentation uploading, etc.) with a copy to the Mission at com.cairo@mea.gov.in & CEPC at info@cep.co.in.

Thanking You

Jag Mohan
Officiating Executive Director
