It is a pleasure to learn about the 43<sup>rd</sup> India Carpet Expo at Bhadohi, Uttar Pradesh, from October 15-18, 2022. The Expo is an excellent platform for our weavers and artisans to showcase their skills and products. May this Expo further the vision of 'Vocal for Local' as well as 'Local for Global'.

Handicrafts have been an intrinsic part of our culture and traditions. Handloom products are not just eco-friendly, they also help reduce poverty by providing employment to the needy and underprivileged sections of the society.

With such a rich tradition of handicrafts, it is only natural that the products of our weavers, particularly from the carpet sector, reach different parts of the world and are globally appreciated. The intricate skills and work of our weavers are not only aesthetically appealing, but also of unmatched quality. The Expo is an occasion for the manufacturers in the sector to showcase their products to buyers within the country and across the world. This will not only benefit small and medium scale manufacturers, but will also provide a thrust to exports in the sector.

Our government's vision has been to nurture self-reliance through Micro, Small and Medium Enterprises (MSMEs) and the handicrafts sector, in particular. Today, India is among the largest carpet producing nations in the world. This has become possible due to the indefatigable efforts of our artisans.

The 25-year period of Aatmi Kadi till 2047 is an opportunist to dedicate ourselves towards building a strong, self-reliant nation. Throughout this period, MSMEs and traditional crafts sectors have great potential to power our growth.

May the Expo be a huge success. I am sure that the Fair Directory being published on the occasion will provide the readers a holistic view of the carpet industry in our country, as also trace to global footprint.
